WELCOME TO PROFESSIONAL EXPERIENCE AT CURTIN UNIVERSITY

We would like to thank you for agreeing to participate in the professional experience component of our pre-service teacher education programs. We value your time, commitment and energy and appreciate your efforts to help our pre-service teachers embark on their professional preparation. We anticipate that beginning Early Childhood teachers will find working with children in schools and early learning centres enjoyable and rewarding. Professional experience placements provide opportunities for in-depth exploration of a chosen career, and the chance to trial, apply, reflect on and refine ideas that have been developing throughout each semester of the degree program.

The Professional Experience program is an integral part of the Teacher Education course at Curtin University. The program is based on three major premises: gradual, varied and integrated experiences. Success in professional experience is essential for pre-service teachers' professional development and for continuation in the course. Pre-service teachers must satisfactorily complete each stage of the Professional Experience program. Some key points to note:

- It is expected that all pre-service teachers will prepare learning experiences and keep a log of detailed observations and reflections. A template is provided to guide these processes; alternatively the format may be negotiated with the mentor educator.
- Absenteeism: Where absence is unavoidable pre-service teachers are required to notify both the Early Learning Centre and Curtin University Professional Experience Office no later than 8.00am on the day concerned. Pre-service teachers are often expected to make up days lost through absenteeism. An Absentee form is provided later in this handbook.
- Please forward all completed forms to the Professional Experience Office at the relevant address listed earlier in this handbook.
- Pre-service teachers must maintain a <u>Teaching File</u> as a comprehensive record of the activities, observations and planned learning experiences undertaken during professional experience. It is also strongly suggested that a resource file be developed to organise the ideas and resources used during placements.

The information presented in this handbook should answer any questions, alternatively please consult the contact list to speak to someone in person.

Course Structure

The Bachelor of Education (Early Childhood Education) is a 29 unit undergraduate degree that, if studied full-time, would be completed in four years of study. The course is comprised of core units that cover the essential topics required for Early Childhood teaching. After the first year, pre-service teachers have the opportunity to study a number of electives. All units are studied online; however, there is also a practical component, with pre-service teachers required to spend at least 100 hours in an early learning centre and 110 days of placement in schools throughout the duration of their studies. The program culminates in a final internship of one school term where Pre-service teachers assume responsibility for a class of children, under supervision from a mentor teacher. The Internship is worth 4 units towards the final degree.

Please refer the Open Universities Australia <u>website</u> for more specific detail regarding the structure of the course. The focus of this document is the Professional Experience component of the course.

The Professional Experience Team

SIGNIFICANCE OF PROFESSIONAL EXPERIENCE

Success in Professional Experience placements is a fundamental part of the pre-service teacher's professional development and is a **condition for graduation**.

Any pre-service teacher who fails to satisfactorily complete **two consecutive** Professional Experience placements is subject to course termination. Supplementary placements may be provided at the discretion of the School of Education Board of Examiners.

ABSENTEEISM

It is expected that pre-service teachers will at all times assume the professional aspects of the role of a teacher, accepting the constraints of punctuality, co-operation with staff, and concern for the welfare of students. Where absence is unavoidable, pre-service teachers are required to notify both the School and the Curtin University Professional Experience Office <u>no later than 8.00am on the day concerned.</u>

Pre-service teachers are expected to make up days lost through absenteeism. An Absentee form is provided in this handbook.

The release of pre-service teachers to deal with outside work or family issues (except unforeseen illness or emergencies) should *not* be granted as pre-service teachers should have made alternative arrangements. However, there *may* be instances where pre-service teachers may need to take a day of leave from the placement. Pre-service teachers should notify their mentor teachers as soon as possible should this occur.

PRE-SERVICE TEACHING FILE

Pre-service teachers must maintain a Teaching File as a comprehensive record of the activities and lessons undertaken during professional experience. **Pre-service teachers should always have their Teaching File up-to-date and accessible for the Mentor Teacher, Principal and Supervisor.** It does not have to be submitted to Curtin. Lesson Plans should be indexed and prepared two or three days in advance. It should contain the following:

- Working with Children Card and any other State requirements
- Curtin Code of Conduct and Insurance Policy Forms
- Professional Experience Handbook
- Plans of lessons undertaken by the pre-service teacher. Plans should indicate the learning area, the group and the date, and be filed in the order in which they were undertaken even when categorised into learning areas.
- Teaching and Learning Resources which have been used.
- Self-reflective comments, together with written comments from the Mentor.

RESOURCE FILE

Pre-service teachers will accumulate many ideas and resources. In order to organise these, it is requested that each pre-service teacher creates a resource file. There is no prescribed format for this, however, it is expected that a system be developed to classify resources so that they are readily identifiable and accessible. This may be in hard copy or an electronic file and **should be available to a Mentor Teacher and Supervisor on request** and include as much information as possible about resources such as the original source for future referencing.

The following list is a guide to the many types of resources which could be included.

- Book Lists. Children's books and reading schemes and the level for which they are suited,
- Songs, dances, singing games and music. Poetry and stories,
- Curriculum experiences/ideas. Energisers, self-esteem games. Ideas for all learning areas,
- Other Resources. Curriculum resources that may be purchased, such as sporting equipment and computer software. Ideas for charts, rosters, routines, rules, room arrangements and so on, that may be adapted for use in your own work place,
- Administrative Resources. Individual Education Plans (IEP). Bullying Policy/Excursion Policies, Sample Letters, Booklets (parent information/staff handbook),
- Web sites and other electronic resources.

THIRD PROFESSIONAL EXPERIENCE

During this Professional Experience, pre-service teachers should accept an increasing responsibility for a variety of learning experiences. These should include:

- 1. plan and implement meaningful learning experiences, to industry standards, for infants, toddlers and young children within early learning settings; (ULO 1)
- 2. demonstrate a developing leadership style through engagement with an organisational culture and professional learning community; (ULO 2)
- 3. create and maintain collaborative relationships with families and colleagues while developing teacher professional identity, resilience and emotional wellbeing; (ULO 3)
- 4. analyse and evaluate the National and State law and policy and the impact these have on early learning environments, families and children; (ULO 4)

Learning experience plans need to be submitted in advance and evaluations submitted the following day of attendance at the Centre. These plans should be professionally presented in the pre-service teacher's **Teaching File**, and be available for the mentor educator, Director/coordinator and Supervisor at all times.

LEGAL LIABILITY

While it is desirable for the pre-service teacher to become fully involved in the centre's activities, it should be noted that the pre-service teacher does not assume the legal responsibility of an employed fully-qualified and registered teacher. No pre-service teacher should be left alone with children at any time. The Director/Centre Co-ordinator and staff of the centre are legally responsible for the care of the children at all times.

Note: Where a pre-service teacher holds a children's services qualification (Certificate or Diploma), legal responsibility is not assumed, as all pre-service teachers are placed as a student of the University and are making the transition from pre-service teacher to early childhood teacher.

ASSESSMENT

During the placement, the mentor educator is asked to complete the relevant Assessment Form. University policy on the assessment of Professional Experience is a developmental one.

Pre-service teachers at this level are graded as **Pass** or **Fail.** The assessment form includes a number of areas in which the pre-service teacher is expected to develop during the placement. Still requiring development in a few areas does not preclude an overall "Pass" assessment.

A Supervisor will visit the pre-service teacher to observe their progress in week 2 of the block placement which occurs immediately following the 10 weekly one day visits. If a mentor educator has any concerns about a pre-service teacher, s/he is asked to contact Curtin and begin the At Risk process **as soon as possible** (contact details in this handbook).

The contents of the assessment form should be discussed with and signed by the pre-service teacher to acknowledge the report has been read.

Mentor educators are asked to send their report as soon as possible to the Professional Experience Office – <u>hum-ed-ouaprac@curtin.edu.au</u>

THE PROFESSIONAL EXPERIENCE

Pre-service teachers are required to observe the many roles of the educator in an Early Learning Centre and have opportunities to experience success in their initial teaching efforts. Pre-service teachers are expected to take every opportunity to discuss with their mentor educators the completion of set tasks, preparation, organisation, and presentation of learning experiences. A pre-service teacher's development in the observation, interpretation, and documentation is instrumental in becoming a competent teacher. An opportunity for pre-service teachers to observe children in a variety of centre settings is also very valuable.

Week Prior to Beginning the Professional Experience:

- Establish contacts with the centre/mentor and group.
- Make observations of the centre and have discussions with staff.
- Pre-service teacher to contact Supervisor.
- Negotiate a mutually agreeable day to attend the centre once a week for 10 weeks.

Weekly visits

Pre-service teachers are expected to attend the centre one day a week for 10 weeks immediately prior to a three-week block placement. This means the pre-service teacher will be at the centre for an 8-hour day each visit, working in with centre arrangements. Ideally, the 10 weekly visits will be on the same day of the week. Over the course of the placement the Pre-service teacher should experience at least two openings of the centre and two closes.

The Placement Schedule shows the focus age group or staff. As far as possible, this schedule should be followed as it enables the pre-service teacher to complete tasks related to assignment requirements. Where centres have different room arrangements the pre-service teacher, in consultation with their mentor, should aim to spend time with children as close to the focus age group as possible. The time spent with the mentor will be in the room/on the floor where the mentor is rostered.

Pre-service teachers are expected to take no more than one hour off the floor for each of the 10 days they visit prior to the three-week block placement to work on *e*Portfolio tasks for this unit. Please note that this one hour off the floor each visit should not be the lunch hour/time. The mentor educator's signature is required to confirm attendance for each of the 10 weekly visits and each day of the three-week block placement

Three-week Block Placement

Week One:

- Conduct a minimum of 5 separate observations using the example Observation Protocols in this handbook, or the observation/documentation formats used in the centre. These observations need to be in your Teaching File and will be appraised by your Supervisor.
- Use observations to plan, teach and evaluate four fully-prepared indoor/outdoor learning experiences. Develop two learning stories. These Experience Plans and your learning stories need to be in your Teaching File and will be appraised by your Supervisor.
- Carry out the role of assistant when not involved in observing/teaching.

Week Two:

- Conduct a minimum of 5 separate observations using the example Observation Protocols in this handbook, or the observation/documentation formats used in the centre. These observations need to be in your Teaching File and will be appraised by your Supervisor.
- Use observations to plan, teach and evaluate five fully-prepared indoor/outdoor learning experiences. Develop three learning stories. These Experience Plans and your learning stories need to be in your Teaching File and will be appraised by your Supervisor.
- It is recommended that pre-service teacher be responsible for setting up the indoor environment for one room at least for one day.
- Carry out the role of assistant when not involved in observing/teaching.

Week Three:

- Conduct a minimum of 5 separate observations using the example Observation Protocols in this handbook, or the observation/documentation formats used in the centre. These observations need to be in your Teaching File and will be appraised by your Supervisor.
- Use observations to plan, teach and evaluate five fully-prepared indoor/outdoor learning experiences (two experiences should be sequential and include transitions for children). Develop three learning stories. These Experience Plans and learning stories need to be in your Teaching File and will be appraised by your Supervisor.
- It is recommended that pre-service teachers be responsible for setting up the indoor and outdoor environment for one room at least for one day.
- Carry out the role of assistant when not involved in observing/teaching.
- Final Day: Conclude all evaluations, debrief of the Professional Experience.

ASSESSMENT INFORMATION FOR THE MENTOR EDUCATOR

We appreciate the time and effort that Mentor educators give Curtin pre-service teachers during their third Professional Experience placement. There are **two parts** to the assessment for the professional experience:

1. A *checklist* (formative evaluation) includes some examples of what you can expect your preservice teacher to demonstrate during the placement. Please talk through this assessment process together with your pre-service teacher and identify the strengths that he/she has demonstrated in the centre and the aspects that require attention, giving some ideas about how to improve these. We have used the Australian Professional Standards, The Early Years Learning Framework and the National Quality Standard for the mentor educator to frame the assessment.

It is expected that pre-service teachers will be able to show some progress in each of the standards. If the pre-service teacher does not get an opportunity to demonstrate the capabilities identified please indicate this by writing "not observed" in the comments column. Please keep in mind that the pre-service teachers are in **their third experience in the role of a teacher**. If you notice additional achievements, please note these in your final report.

2. A *final assessment* (summative evaluation) of "Pass", or "Fail" at this level. It is not necessary that every item in the checklist is demonstrated for a 'Pass'. On balance you should be able to see most of the areas have been achieved or improved, and be confident that these will continue to develop.

ASSESSMENT INFORMATION FOR SUPERVISORS

Thank you for supporting our Curtin pre-service teachers during their Professional Experience placement. We appreciate your time, effort and expertise. Another assessor apart from the Mentor Educator provides an additional viewpoint on the pre-service teacher's progress. Rather than working closely with the pre-service teacher over time, as the Mentor Educator does, the Supervisor takes more of a "snapshot" of progress by observing one or two learning experiences.

Please meet with the pre-service teacher **during the second week of the 3 week block placement.** The pre-service teacher will contact you to establish a mutually acceptable time for this visit. This meeting gives the pre-service teacher time to work with the children but also time should you feel the need to undertake a second formal meeting/observation if there were serious concerns about the pre-service teacher.

You should watch the pre-service teacher take one or two learning experiences and view their **Teaching File and Resources**. Please make detailed notes and then summarise these into the following assessment form.

Please give a copy of this form to the pre-service teacher, retain a copy for your records and send one to the Professional Experience Office.

The **PRE-SERVICE TEACHER STANDARDS CHECKLIST** in this handbook indicates some of the expectations of this third placement although clearly you would not be expected to see all of these demonstrated.

STUDENTS 'AT RISK'

Most pre-service teachers continue to develop and progress satisfactorily during the course of their placement. Occasionally a mentor teacher will have serious concerns.

At **Risk** is the term used to signify that the pre-service teacher is failing to make progress towards meeting the competencies and the required professional behaviour and skills at a level normally expected of pre-service teacher at their stage of professional learning.

If you have a pre-service teacher who you consider is At Risk of failing then please be guided by the following steps:

- Please contact the Professional Experience Office 08 9266 7998 for guidance upon initiating an At Risk procedure. The contact details are at the front of this handbook.
- The At Risk procedures can be commenced at any point during a placement, with sufficient time for the pre-service teacher to demonstrate improvement in the specified areas.
- At Risk is an opportunity for the pre-service teacher, mentor teacher and supervisor to discuss progress, identify areas for improvement and to set out aspects that need to be improved if the placement is to be completed successfully. Please use the At Risk forms to guide this process.
- The completed At Risk forms should be signed by the pre-service teacher, mentor and supervisor. Everyone should keep a copy of this form, and a completed copy should be forwarded to the Professional Experience Office.
- After 5 working days, the Mentor Teacher, School-based Supervisor and the Pre-service Teacher meet to complete the second form and at this meeting a decision is made to continue the placement as the Pre-service Teacher has demonstrated sufficient improvement in the identified areas OR the placement is terminated and the student fails the placement. This form is also submitted to the Professional Experience Office.
- The At Risk process is not an automatic fail, it is a process to help the pre-service teacher, mentor and supervisor identify aspects that need improving and provide the pre-service teacher with an opportunity to improve their practices in order to pass their placement.

Or

Under Section 7.7 (7.7.2) of the Curtin Fieldwork Education Policy, if a student is terminated by the School or terminates themselves from their placement, they will be deemed as failing the unit.

RESOURCES

MENTORING SUPPORT

- Professional Learning Conversation Record (the pre-service teacher will provide copies of the recording sheet to the mentor for sessions 1-4).
 Each formal mentoring session is 10-30 minutes, conducted in weeks 3, 4, 5 and 6 on of the days the pre-service teacher attends one day a week, prior to the three week block placement (see Placement Schedule). The session (conversation/discussion) can take place on or off the floor. The mentor and the pre-service teacher should keep a copy of the completed record. The pre-service teacher will keep a copy in their teaching file. The pre-service teacher is also required to submit a copy of each completed record (1-4) with their second assignment.
- Professional Learning Conversation Record blank template (see resource section below) Mentoring sessions are expected to continue during the three week block placement (one mentoring session per week). A blank template 'Professional Learning Conversation Record' can be used to record these sessions. The focus for mentoring sessions (conversation/discussion) during the three week block will be determined by the Mentor and the pre-service teacher. The mentor and the pre-service teacher should keep a copy of the completed record. The pre-service teacher will keep a copy in their teaching file.

NARRATIVE

Child's Name/s: _____

What are the children curious about? What are they trying to figure out?

What knowledge and experiences are the children drawing on? What theories are they working from or testing?

Do we see any inconsistencies in the children's thinking? Are there 'soft spots' or misunderstandings in the children's thinking?

How are the children building on each other's ideas, perspectives, and contributions?

What do we want to learn more about, after watching and listening to the children?

What insights does this observation give us about possible ways that we could deepen our relationships with children's families?
