

Dear Principal

Thank you for agreeing to meet with one of our Master of Teaching (Primary Education) pre-service teachers, with a view to considering a teaching placement in your school for their final professional experience placement (the Internship).

Our pre-service teachers are enrolled in a Master of Teaching (Primary Education) degree offered through Open Universities Australia. They follow the same program that is offered at Curtin University and participate in learning experiences in an online learning environment. Pre-service teachers participate in a range of activities over a study period of 13 weeks (equivalent to one on-campus semester). Each unit requires around 8-10 hours of pre-service teachers participation every week.

Professional Experience (school placement) is an integral part of Curtin University education degrees. In addition to their study, pre-service teachers have school placement requirements. In order to be exposed to as wide a variety of learning environments as possible, each pre-service teacher is required to experience different contexts through their Professional Experiences. Pre-service teachers may teach in Government, Catholic or Independent schools. They are not permitted to teach in schools where family members are on staff or attending as pupils.

Before students can undertake a professional experience placement in a school, they must have: Completed the academic content of the associated Professional Experience unit(s), possess a current Working with Children Clearance (WWC), Police clearance (if applicable to their State), a signed Code of Conduct agreement, and an Insurance Form.

Further information about the professional experience roles and responsibilities can be found in the attached professional experience handbook. Support contacts, assessment reports and an overview of the expectations of the placement are also provided in this handbook. Please do not hesitate to contact us should you have any questions, require further information and/or need support in your role.

We sincerely hope that you will consider supporting our student(s) in your school on their Professional Experience. I am very keen to support both the student and you as a school, and should you have any further questions or enquiries, please do not hesitate to contact me.

Yours sincerely

**Dr Keryn Sturrock**  
**Academic Fieldwork Coordinator**
