# Welcome to Professional Experience at Curtin University

The Professional Experience program is an integral part of Initial Teacher Education (ITE) courses at Curtin University. The program is based on three major premises: gradual, varied and integrated experiences. Success in Professional Experience is essential for pre-service teachers' professional development and for continuation in the course. Pre-service teachers must satisfactorily complete each stage of the Professional Experience program.

Some key points to note:

- It is expected that all pre-service teachers will prepare lesson plans, observations and reflections and keep a hard copy or digital copy of these in the teaching file. The teaching file must be readily available to stakeholders via shared links or physically at all times. A template is provided to guide these processes; alternatively, the format is to be negotiated with the mentor teacher.
- Absenteeism: Where absence is unavoidable pre-service teachers are required to notify both the School and Curtin University Professional Experience Office no later than 8:00am on the day concerned. Pre-service teachers are expected to make up days lost through absenteeism. An Absentee form is provided later in this handbook.
- Assessment forms will be provided via a link to be completed online.
- Pre-service teachers must maintain a teaching file as a comprehensive record of the activities and lessons undertaken during Professional Experience. It is also strongly suggested that a resource file be developed to organise the ideas and resources used during placements.

The information presented in this handbook should answer any questions; alternatively, please consult the contact list to speak to someone in person.

# Program Overview

## The Master of Teaching (Early Childhood Education) Professional Experience Program

The Master of Teaching (Early Childhood Education) Course has four Professional Experience units which are essential components of the course and are planned to integrate the pre-service teachers' studies with practical learning experiences. The placements also provide opportunities for our pre-service teachers to progress in their development of and gather evidence against each of the Australian Professional Standards for Graduate Teachers.

The table below provides a summary of the timing; length of placement and the location within the course for the four Professional Experience placements. The Professional Experience placement is situated within a unit of work, which has an overall theme or focus area. This information is to provide guidance on the expected range of skills, content knowledge and anticipated abilities of pre-service teachers.

Unit	Unit theme	Age	Length of placement
Early Childhood Professional Experience 1: Planning and Documentation	Quality Frameworks in Early Learning Centres	3-5 years (5 days) 0-3 years (10 days)	5 distributed days plus 2 weeks in Australian Early Childhood settings
Early Childhood Professional Experience 2: Planning for Writing, Assessment and Reporting	Learning and Teaching in Kindergarten to Pre-Primary (settings prior to formal schooling)	3-5 years (15 days)	3 weeks in Australian Early Childhood settings
Professional Experience 3: Using Data to Inform Teaching and Learning	Learning and Teaching in Junior Primary	6-8 years (15 days)	3 weeks
Professional Experience 4: Transition into the Profession	Demonstration of meeting the Graduate Teacher Standards (in formal school settings)	3-5 years (29 days)	4 distributed days plus 5 weeks

Please note that all placements are to be conducted in a full-time block mode. None of the four Professional Experience placements can be broken or split into shorter periods. These units must be undertaken in sequence and passed in order to graduate from this ITE course.

## Significance of Professional Experience

Success in Professional Experience placements is a fundamental part of the pre-service teacher's professional development and is a condition for graduation.

In order to pass Professional Experience, both the theory and Professional Experience components of the unit must be passed.

Any pre-service teacher who fails to satisfactorily complete two consecutive Professional Experience placements may be subject to course termination. In accordance with the Assessment and Student Progression Manual, determination of academic status is the responsibility of the Board of Examiners.

## Responsibilities of Pre-Service Teacher

### Absenteeism

Where absence is unavoidable, pre-service teachers are required to notify both the centre/school and the Curtin Professional Experience Office **no later than 8.00 am on the day concerned**. The Absentee Form in this handbook must also be emailed to the Professional Experience Office.

Pre-service teachers are expected to make up all days lost through absenteeism.

The release of pre-service teachers to return to Curtin University to attend classes or to deal with outside work or family issues (except unforeseen illness or emergencies) should *not* be granted as pre-service teachers should have made alternative arrangements. However, there *may* be instances where pre-service teachers may need to take a day of leave from the placement. Pre-service teachers should apply to the Professional Experience Office. On approval, pre-service teachers must notify their mentor teachers as soon as possible.

### Pre-Service Teaching File

Pre-service teachers must maintain a teaching file as a comprehensive record of the activities and lessons undertaken during Professional Experience. The teaching file should always be up-to-date and accessible for the mentor teacher, principal and supervisor. It does not have to be submitted to Curtin unless requested. Learning experience plans and/or daily work plans should be indexed and prepared two or three days in advance.

The teaching file should contain the following:

- Department of Education National Police History Check and Working with Children Card.

- Curtin Code of Conduct and Insurance Policy Forms.
- Professional Experience Handbook and requirements for the placement for example those provided in the preparation resources.
- Lesson plans and/or daily work plans undertaken by the pre-service teacher. Plans should indicate the learning area, the group and the date, and be filed in the order in which they were undertaken even when categorised into learning areas.
- Teaching and Learning Resources which have been used.
- Assessment records.
- Evidence of Professional Learning and extra-curricular activities undertaken.
- Self-reflective comments, together with written comments from the mentor.

## Resource File

Pre-service teachers will accumulate many ideas and resources. In order to organise these, it is requested that each pre-service teacher creates a resource file. There is no prescribed format for this, however, it is expected that a system be developed to classify resources so that they are readily identifiable and accessible. This may be in hard copy or an electronic file. It must include as much information as possible about resources such as the original source for future referencing. The resource file should be available to a mentor teacher and supervisor on request.

The following list is a guide to the many types of resources which could be included.

- Book lists, including children's books, reading schemes, and the level for which they are suited.
- Songs, dances, singing games and music.
- Poetry and stories.
- Curriculum experiences/ideas.
- Energisers, self-esteem games, motivational lesson starters.
- Ideas for all learning areas and different learning experiences.

# Outline of the Second Professional Experience

**All placements are attached to a course work unit which has other assessable components. The second Professional Experience placement is associated with the unit:**

## Early Childhood Professional Experience 2: Planning, Assessment and Reporting

The second Professional Experience for Master of Teaching (Early Childhood) pre-service teachers involves a three-week full-time block period in a kindergarten or pre-primary setting. During the second Professional Experience placement, pre-service teachers are expected to accompany the teacher throughout the day and involve themselves as much as possible in all school activities and administrative duties. Pre-service teachers are to become aware, through discussion and observation, of the varied nature of the teacher's role. Emphasis is on supporting pre-service teachers to relate successfully to children in small groups and on an individual basis and to integrate the pre-service teachers' studies with practical learning experiences. During this period, pre-service teachers are given the opportunity to plan, prepare, and teach lessons to a group, then progress to teaching the whole class.

At the completion of this placement each pre-service teacher will have begun to:

- Employ effective communication skills, maintain student safety and meet ethical, legislative, administrative and organisational requirements as you plan, teach and assess in Kindergarten, Pre Primary school settings to meet the diverse needs of students (ULO 5)
- Demonstrate professional practices, knowledge and skills that support effective learning and teaching, and inform the creation and maintenance of positive learning environments for the diverse needs, wellbeing and developing agency of children (ULO 6)

It is anticipated that, at the completion of the placement, each pre-service teacher will be able to confirm his/her commitment to becoming an early childhood educator.

## Supervision

A supervisor will formally visit the pre-service teacher once during the three-week period and will also complete an assessment form and written feedback after each visit. The pre-service teacher should receive verbal and written feedback. Written feedback should be uploaded via Sonia. It is advised that this visit should be in the second week where possible. It is the pre-service teacher's responsibility to contact the supervisor to negotiate the days and times of the visit. Additional supervision visits can be arranged. Should this need to be considered, please contact the Professional Experience Office.

## Assessment

During the three-week placement, the mentor educator and supervisor are asked to complete the relevant Assessment Form. Further assessment information, assessment guidelines, support and At Risk processes are provided in this handbook.

Pre-service teachers at this level are graded as **Pass** or **Fail**. In order to pass the Professional Experience placement, a pass must be awarded by both the mentor teacher and supervisor. The assessment form includes a number of areas that the pre-service teacher is expected to develop in during the placement. Still requiring development in a few areas does not preclude an overall grade of Pass assessment.

Mentor teachers, supervisors and/or Principals are asked to alert the Curtin Professional Experience Office as soon as possible during the placement if they have any concerns that might indicate that a pre-service teacher is **At Risk** of not passing the Professional Experience placement.

## Electronic Forms

Curtin assessment forms are electronic with the aim of making the assessment process easier and more convenient. Mentor teachers and supervisors will have received an email with an Edit Link to complete and submit the assessment form directly to the Curtin School of Education. Once submitted the student will then have access to the report (read-only and will submit the same document back to the Curtin School of Education.

Should a link not have been provided or difficulty is being experienced with the link, please contact the Professional Experience Office [Professional.Experience@curtin.edu.au](mailto:Professional.Experience@curtin.edu.au).

# Planned Teaching for the Second Professional Experience

Pre-service teachers will observe the many roles of the teacher and have opportunities to experience success in their initial teaching efforts. It would be appreciated if mentor teachers could take every opportunity to discuss with the pre-service teachers the preparation, organisation, and presentation of learning experiences appropriate to the setting.

A pre-service teacher's development in the observation, reflection, and interpretation of a variety of teaching and learning processes is instrumental in becoming a competent teacher. It would be appreciated if mentor teachers could offer opportunities for pre-service teachers to observe children in a variety of learning environments and settings. During this professional experience, pre-service teachers should plan, prepare, and teach lessons to a group, then progress to teaching the whole class.

The pre-service teacher is expected to visit the school prior to the commencement of the professional experience. The purpose of these visits is to discuss professional experience requirements with the mentor teacher and to observe the learning environment, class and routines. If possible, a broad outline of possible lessons should be given to the pre-service teachers so that planning can begin. As far as possible, lessons taught by a pre-service teacher should be linked to allow for purposeful reflection, as opposed to single lessons in a wide range of learning areas. Mentor teachers are asked to discuss with pre-service teacher's possible follow-up learning experiences, post-lesson evaluations and how to implement any feedback they have been given.

The pre-service teacher is required to submit lesson plans at least 24 hours in advance and evaluations submitted the following day to the mentor teacher. Plans should be professionally presented in the teaching file in chronological order and be available for the mentor teacher, school principal/coordinator and supervisor at all times. The lesson plan template provided in this handbook should be used or an alternative format at the request of the mentor teacher.

**The following table outlines the pre-service teacher teaching load requirements for the second Professional Experience.**

## Outline of the Third Professional Experience

All placements are attached to a course work unit which has other assessable components. The third Professional Experience placement is associated with the unit:

### ***Early Childhood Professional Experience 3: Using Data to Inform Teaching and Learning***

The third Professional Experience involves a three-week full-time block placement in a junior primary setting. The focus for this Professional Experience is on all aspects of learning and teaching in this environment. During the third placement, pre-service teachers are expected to accompany the teacher throughout the day and involve themselves as much as possible in all education activities and administrative duties. Pre-service teachers are to continue to develop understanding, through discussion and observation, of the varied nature of the early childhood educator's role. Emphasis continues to be on supporting pre-service teachers to relate successfully to children in whole class settings, small groups and on an individual basis and to integrate the pre-service teachers' studies with practical learning experiences. During this period, pre-service teachers are given the opportunity to plan, prepare, and teach lessons to the whole class.

At the completion of the Professional Experience placement, pre-service teachers will be able to:

- Create learning plans based on data and research from a full range of sources such as family, allied professionals, class or centre, school and system (ULO 2)
- Demonstrate professional practices, knowledge and skills that support effective learning and teaching, the creation and maintenance of positive learning environments for a diversity of students (ULO 4)

## Supervision

A supervisor will formally visit the pre-service teacher once during the three-week period and will also complete an assessment form. It is advised that this visit should be in the second week where possible. The pre-service teacher should receive verbal and written feedback. Written feedback should be uploaded via Sonia It is the pre-service teacher's responsibility to contact the supervisor to negotiate the days and times of the visit. Additional supervision visits can be arranged. Should this need to be considered, please contact the Professional Experience Office.

## Assessment

During the three-week placement, the mentor teacher and supervisor are required to complete the relevant Assessment Form. Further assessment information, assessment guidelines, support and At Risk processes are provided in this handbook.

Pre-service teachers at this level are graded as **Pass** or **Fail**. In order to pass the Professional Experience placement, a pass must be awarded by both the mentor teacher and supervisor. # Planned Teaching for the Third Professional Experience

Pre-service teachers will observe the many roles of the early childhood educator and continue to have opportunities to experience success in their initial teaching efforts. It would be appreciated if mentor teachers could take every opportunity to discuss with the pre-service teachers the preparation, organisation, and presentation of learning experiences appropriate to the junior primary setting.

The pre-service teacher is expected to continue to observe, reflect and evaluate a variety of teaching and learning processes. It would be appreciated if mentor teachers could offer opportunities for pre-service teachers to observe children in a variety of learning environments and settings. During this Professional Experience, pre-service teachers should plan, prepare, and teach lessons to the whole class.

The pre-service teacher is expected to visit the school prior to the commencement of the Professional Experience. The visit is expected to be for one full day. The purpose of this visit is to discuss Professional Experience requirements with the mentor teacher and to observe the learning environment, class and routines. If possible, a broad outline of possible lessons should be given to the pre-service teachers so that planning can begin. As far as possible, lessons taught by a pre-service teacher should be linked to allow for purposeful reflection, as opposed to single lessons in a wide range of learning areas. By the third week of this Professional Experience, pre-service teachers should have experience in teaching across several learning areas using a variety of teaching strategies. Mentor teachers are asked to discuss with pre-service teacher's possible follow-up learning experiences, post-lesson evaluations and how to implement any feedback they have been given.

The pre-service teacher is required to submit lesson plans at least 24 hours in advance and evaluations submitted the following day to the mentor teacher. Plans should be professionally presented in the teaching file in chronological order and be available for the mentor teacher, school principal/coordinator and supervisor at all times. The lesson plan template provided in this handbook should be used or an alternative format at the request of the mentor teacher.

The following table outlines the pre-service teacher teaching load requirements for the third Professional Experience.

	<b>Pre-Service Teacher Teaching Load Requirements</b>
<b>Week 1</b>	<ul style="list-style-type: none"><li>• Complete 10 formal lesson observations, and document using the Observation Proforma in this Handbook.</li><li>• Across this period, plan, teach, and evaluate at least 4 whole class lessons with a minimum of 1 lesson per day.</li><li>• Across this period, set up 2 provocations outside per day.</li></ul>
<b>Week 2</b>	<ul style="list-style-type: none"><li>• Plan, teach, and evaluate at least 2 whole class lessons per day.</li></ul>

	<ul style="list-style-type: none"> <li>• Set up the outdoor environment twice (on two days on this week).</li> </ul>
<b>Week 3</b>	<ul style="list-style-type: none"> <li>• Plan, teach, and evaluate at least 4 whole class lessons per day (approximately 1 day teaching).</li> <li>• Set up the outdoor environment on alternate days.</li> </ul>

Please note the lessons refer to learning experiences of up to one hour duration.

## Additional Assessment Information

Prior to the conclusion of the placement, the mentor teacher is asked to complete the Professional Experience Assessment Form and the supervisor to complete a modified version of this form.

The Professional Experience Assessment Forms are based on the **Australian Professional Standards for Teachers** at the **Graduate** career stage and the Professional Experience **Code of Conduct**.

The Professional Experience Code of Conduct outlines the professional behaviour requirements and responsibilities of pre-service teachers. The Professional Experience Assessment Form focuses on demonstration of the following aspects of professionalism: punctuality; personal presentation; initiative; respect for the school's vision, values, mission and approaches; plans submitted to the mentor teacher at least 24 hours prior to the lesson; reflective practice; and participation in other duties. These aspects will be awarded one of the following ratings: **Above Satisfactory** or **Satisfactory** or **Insufficient Opportunity** or **Unsatisfactory**, a general comment on the pre-service teacher's professionalism will be included.

Each of the Australian Professional Standards for Teachers at the Graduate career stage and their focus areas will be awarded a **Competent** or **Not Yet Competent** rating along with a general comment for each standard. It is expected that pre-service teachers will be able to show some progress in each of the standards. If the pre-service teacher does not have an opportunity to demonstrate a standard focus area, an explanation should be provided in the appropriate Comment section.

The ratings for professionalism and the standards should take into consideration the pre-service teacher's level of the Professional Experience unit, that is, where this unit is positioned in the course. The Professional Experience Handbook provides information in regard to where each unit is situated in the course. Please note that the Professional Experience Assessment Form should be completed in relation to the level of this Professional Experience unit. Ratings awarded in this Professional Experience may be different from previous and subsequent Professional Experience units depending where they are situated within the course structure.

The Professional Experience Assessment Form then requires final overall recommendation and commendation comments and a final result. The final result is a **Pass** or **Fail** awarded for the overall assessment of the pre-service teacher in this Professional Experience placement.

The mentor teacher and supervisor are requested to discuss the Professional Experience Assessment Form and process with the pre-service teacher. It is recommended that this discussion identifies strengths that the pre-service teacher has demonstrated in the classroom and the aspects that require attention, with ideas about how to improve these.

## Return of Forms

Please complete the assessment form prior to the conclusion of the Professional Experience.

# Students 'At Risk'

Most pre-service teachers continue to develop and progress satisfactorily during the course of their placement. Occasionally a mentor teacher will have serious concerns.

**At Risk** is the term used to signify that the pre-service teacher is failing to make progress towards meeting the competencies and the required professional behaviour and skills at a level normally expected of pre-service teacher at their stage of professional learning.

If you have a pre-service teacher whom you consider is At Risk of failing, then please be guided by the following steps:

- Please contact the Professional Experience Office 9266 2166 for guidance upon initiating the At Risk procedure. The contact details are at the front of this handbook.
- Ideally the At Risk procedures should be commenced as soon as issues are identified during a placement.
- At Risk is an opportunity for the pre-service teacher, mentor teacher and supervisor to discuss progress, identify areas for improvement and to set out aspects that need to be improved if the placement is to be completed successfully. Please use the At Risk form to guide this process.
- The completed At Risk form should be signed by the pre-service teacher, mentor and supervisor. Everyone should keep a copy of this form, and a completed copy should be forwarded to the Professional Experience Team.
- At the end of the 5 days, the pre-service teacher, mentor and supervisor should meet and discuss the aspects set out on this form. If the pre-service teacher has managed to address these successfully, then they should be awarded a pass. If they have failed to address them, then a fail should be awarded.
- Being placed on an At Risk status does not automatically imply a student will fail the subject. It is a process to help the pre-service teacher, mentor and supervisor identify aspects that need improving and provide the pre-service teacher with an opportunity to improve their practices in order to pass their placement.

Or

Under the Curtin Fieldwork Education Policy and Procedures, if a student's placement is terminated by the School or terminates themselves from their placement, they may be deemed as failing the unit. Results will be managed in accordance with the ASPM.

Please note in some circumstances, a student may receive a fail result for the Professional Experience placement without an At Risk process being evoked and/or undertaken.
