Welcome to Professional Experience at Curtin University

The Professional Experience program is an integral part of Initial Teacher Education (ITE) courses at Curtin University. The program is based on three major premises: gradual, varied and integrated experiences. Success in Professional Experience is essential for pre-service teachers' professional development and for continuation in the course. Pre-service teachers must satisfactorily complete each stage of the Professional Experience program.

Some key points to note:

- It is expected that all pre-service teachers will prepare lesson plans, observations and reflections and keep a hard copy or digital copy of these in the teaching file. The teaching file must be readily available to stakeholders via shared links or physically at all times. A template is provided to guide these processes; alternatively, the format is to be negotiated with the mentor teacher.
- Absenteeism: Where absence is unavoidable pre-service teachers are required to notify both the School and Curtin University Professional Experience Office no later than 8:00am on the day concerned. Pre-service teachers are expected to make up days lost through absenteeism. An Absentee form is provided later in this handbook.
- Assessment forms will be provided via a link to be completed online.
- Pre-service teachers must maintain a teaching file as a comprehensive record of the activities and lessons undertaken during Professional Experience. It is also highly recommended that a resource file be developed to organise the ideas and resources used during placements.

The information presented in this handbook should answer any questions; alternatively, please consult the contact list to speak to someone in person.

Program Overview

The Master of Teaching Professional Experience Program

The Master of Teaching (Early Childhood, Primary and Secondary Education) Courses have four Professional Experience units which are essential components of the course and are planned to integrate the pre-service teachers' studies with practical learning experiences. The placements also provide opportunities for our pre-service teachers to progress in their development of and gather evidence against each of the Australian Professional Standards for Graduate Teachers.

The tables below provide a summary of the timing; length of placement and the location within the course for the four Professional Experience placements in each course. Each course has different complexities and requirements, and the Professional Experience reflects this. The Professional Experience placement is situated within a unit of work, which has an overall theme or focus area. This information is to provide guidance on the expected range of skills, content knowledge and anticipated abilities of students.

Please note that all placements are to be conducted in **a full-time block** mode. None of the four Professional Experience placements can be broken or split into shorter periods. These units must be undertaken in sequence and passed in order to graduate from this ITE course.

Significance of Professional Experience

Success in Professional Experience placements is a fundamental part of the pre-service teacher's professional development and is a condition for graduation.

In order to pass a Professional Experience unit, both the theory and professional experience components of the unit must be passed. Students who fail a Professional Experience unit are advised to monitor their Official Communications Channel and Curtin student email for notifications and information relating to course progression, following official results release. In accordance with the Assessment and Student Progression Manual, determination of academic status is the responsibility of the Board of Examiners.

Responsibilities of Pre-Service Teacher

Absenteeism

Where absence is unavoidable, pre-service teachers are required to notify both the centre/school and the Curtin Professional Experience Office **no later than 8.00 am on the day concerned**. The Absentee Form in this handbook must also be emailed to the Professional Experience Office.

Pre-service teachers are expected to make up all days lost through absenteeism.

The release of pre-service teachers to return to Curtin University to attend classes or to deal with outside work or family issues (except unforeseen illness or emergencies) should *not* be granted as pre-service teachers should have made alternative arrangements. However, there *may* be instances where pre-service teachers may need to take a day of leave from the placement. Pre-service teachers should apply to the Professional Experience Office. On approval, pre-service teachers must notify their mentor teachers as soon as possible.

Pre-Service Teaching File

Pre-service teachers must maintain a teaching file as a comprehensive record of the activities and lessons undertaken during Professional Experience. The teaching file should always be up-to-date and accessible for the mentor teacher, principal and supervisor. It does not have to be submitted to Curtin. Learning experience plans and/or daily work plans should be indexed and prepared two or three days in advance.

The teaching file should contain the following:

- Department of Education National Police History Check and Working with Children Card.
- Curtin Code of Conduct and Insurance Policy Forms.
- Professional Experience Handbook and requirements for the placement for example those provided in the preparation resources.

Resource File

Pre-service teachers will accumulate many ideas and resources. In order to organise these, it is requested that each pre-service teacher creates a resource file. There is no prescribed format for this, however, it is expected that a system be developed to classify resources so that they are readily identifiable and accessible. This may be in hard copy or an electronic file. It must include as much information as possible about resources such as the original source for future referencing. The resource file should be available to a mentor teacher and supervisor on request.

The following list is a guide to the many types of resources which could be included.

Outline of the Fourth Professional Experience

All placements are attached to a course work unit which has other assessable components. The fourth Professional Experience placement is associated with the unit:

Professional Experience 4: Transition into the Profession

The fourth Professional Experience for Master of Teaching (Early Childhood, Primary and Secondary Education) pre-service teachers involves a 5-week full-time block period placement and a teaching performance assessment. The fourth Professional Experience is often referred to as the Internship.

The focus for this Professional Experience is on pre-service teacher's transition to the teaching profession. Pre-service teachers will be required to demonstrate their meeting of all of the Graduate Teacher Standards both in the placement and teaching performance assessment. During the fourth placement, pre-service teachers are expected to accompany the teacher throughout the day and involve themselves as much as possible in all school activities and administrative duties. During this period, pre-service teachers are given the opportunity to plan, prepare, and teach lessons to the whole class. The fourth Professional Experience allows increasing responsibility for the student's learning to be assigned to the pre-service teacher, culminating with major responsibility for a class/classes.

Teaching Performance Assessment

All ITE students studying through Curtin University are required to complete a teaching performance assessment as part of their fourth and final Professional Experience unit. This is a national initial teacher education accreditation requirement (Program Standard 1.2, AITSL, 2015). The teaching performance assessment that will be undertaken is the Assessment for Graduate Teaching (AfGT).

The AfGT is a culminating assessment designed to be undertaken in the classroom environment during the final Professional Experience placement. Its purpose is to evaluate each pre-service teacher's teaching, professional decision-making and impact on student learning in a real-life context. The AfGT is a robust, comprehensive and authentic series of tasks that provides opportunity for pre-service teachers to reflect on and demonstrate the impact of their teaching on student learning across the elements of planning, teaching, assessing and making situational judgements.

The AfGT comprises of 4 elements. These are:

- Element 1: Planning for learning and teaching
- Element 2: Analysing teaching practice
- Element 3: Assessing for impact on student learning
- Element 4: Expanding practice.

The AfGT and Professional Experience 4 placement must both be passed in order to be able to pass the unit. The due date for submission of the AfGT are provided in the unit blackboard site.

Further information and resources are provided for the AfGT.

Supervision

A supervisor will formally visit the pre-service teacher 2 times during the 5-week period and will also complete assessment forms. Written feedback will be provided after each visit and the final assessment completed at the conclusion of the placement. The pre-service teacher should receive verbal and written feedback. Written feedback should be uploaded via Sonia. It is the pre-service teacher's responsibility to contact the supervisor to negotiate the days and times of the visit. Additional supervision visits can be arranged. Should this need to be considered, please contact the Professional Experience Office.

Assessment

During the fourth Professional Experience placement, the mentor teacher and supervisor are required to complete the relevant Assessment Forms. Further assessment information, assessment guidelines, support and At Risk processes are provided in this handbook.

Pre-service teachers are awarded a mark out of 10. In order to pass the Professional Experience placement, a pass mark must be awarded by both the mentor teacher and supervisor. The assessment form includes all of the Graduate Teacher Standards which the pre-service teacher is expected to demonstrate meeting.

Mentor teachers, supervisors and/or Principals are asked to alert the Curtin Professional Experience Office as soon as possible during the placement if they have any concerns that might indicate that a pre-service teacher is **At Risk** of not passing the Professional Experience placement.

Please note that all assessment items, including the professional plan, the Professional Experience placement, and the AfGT must be passed in order to pass the fourth Professional Experience unit.

Electronic Forms

Curtin assessment forms are electronic with the aim of making the assessment process easier and more convenient. Mentor teachers and supervisors will have received an email with an Edit Link to complete and submit the assessment form directly to the Curtin School of Education. Once submitted the student will then have access to the report (read-only) and will submit the same document back to the Curtin School of Education.

Should a link not have been provided or difficulty is being experienced with the link, please contact the Professional Experience Office professional.experience@curtin.edu.au.

Planned Teaching for the Fourth Professional Experience

Pre-service teachers will observe the many roles of the teacher and continue to have opportunities to experience success. It would be appreciated if mentor teachers could take every opportunity to discuss with the pre-service teachers the preparation, organisation, and presentation of learning experiences appropriate to the ITE course setting.

The pre-service teacher is expected to continue to observe, reflect and evaluate a variety of teaching and learning processes. It would be appreciated if mentor teachers could offer opportunities for pre-service teachers to observe students in a variety of relevant learning environments and settings. During this period, pre-service teachers are given the opportunity to plan, prepare, and teach lessons to the whole class. The fourth Professional Experience allows increasing responsibility for the student's learning to be assigned to the pre-service teacher, culminating with major responsibility for a class/classes. Mentor teachers are asked to discuss with pre-service teacher's possible follow-up learning experiences, post-lesson evaluations and how to implement any feedback they have been given.

In this Professional Experience, pre-service teachers may move to planning using a Daily Work Pad. Full lesson plans should be prepared for Week 1, with a possible move to the Daily Work Pad, if and when the mentor teacher and pre-service teacher agree they are confident and capable with lesson planning.

The pre-service teacher is required to submit lesson planning documents at least 24 hours in advance and evaluations submitted the following day to the mentor teacher. Plans should be professionally presented in the teaching file in chronological order and be available for the mentor teacher, school principal/coordinator and supervisor at all times. The lesson plan template provide in this handbook should be used or an alternative format at the request of the Mentor teacher. The daily work pad should also be submitted 24 hours in advance to the start of the relating day.

During this Professional Experience, Master of Teaching (Early Childhood Education) and Master of Teaching (Primary Education) students are required to teach across all learning areas taught by the mentor teacher. Master of Teaching (Secondary Education) students are required to undertake the majority of their teaching in their major teaching area and if relevant a lesser portion in their minor teaching area.

Pre-Internship Visits

Pre-service teachers are expected to visit their placement school and classroom as much as possible before they commence their Professional Experience placement. Pre-internship contact time is to be arranged between the pre-service teacher and the mentor teacher. Pre-service teachers are required to make four full-day visits prior to the block placement. The Pre-service teacher is able to observe and begin to learn about and discuss:

- Classroom(s) organisation and procedures, including management plans
- students' names and learning needs
- teaching strategies
- assessment procedures
- AfGT information and planning
- practical aspects such as parking, morning tea provision, location of resources, school opening and closing times, times of staff meetings and so on.

Pre-service teachers should specifically discuss requirements for lessons for the first two weeks of the Internship.

Teaching Loads for the Internship

There are Curtin University expectations of the amount of teaching undertaken during the Internship. Pre-service teachers will increase their teaching load each week of the internship. In addition to teaching lessons, it is the intention that the pre-service teacher participates in all aspects of the mentor teacher's normal routine.

Week 1

The teaching load during this period is expected to be:

- Become familiar with all aspects of the classroom(s) routines.
- Conduct a minimum of 3 formal lesson observations and document using the Observation Proforma in this Handbook.
- Plan, teach and evaluate lessons for a minimum of 60% of a full teaching load. The lesson planning documents must be full lesson plans not the Daily Work Pad.
- Plan with the mentor teacher and have an approved teaching program for week 2.
- Undertake the AfGT.
- Assist the mentor teacher when not engaged in other duties.

Week 2 and 3

The teaching load during this period is expected to be:

- Plan, teach and evaluate lessons for a minimum of 80% of a full teaching load. The lesson planning documents must be full lesson plans or Daily Work Pad if negotiated with and agreed to by the mentor teacher.
- Update student records and monitor students learning progress.
- Plan with the mentor teacher and have an approved teaching program for the following weeks.
- Undertake the AfGT.
- Assist the mentor teacher when not engaged in other duties.

Week 4 and 5

The pre-service teacher will assume 100% teaching at this time and take full responsibility for the class program and lessons. It is still expected that the mentor teacher will provide assistance and feedback. The mentor teacher retains duty of care. The pre-service teacher is required to complete the AfGT and submit according to the due dates.

Pulse Check

It is a requirement that all external students take part in a Pulse Check conducted with the Curtin University Unit Coordinator. The Pulse Check model prioritises checking in with the pre-service teacher and their mentor(s) during weeks 2-3 to discuss placement progression. Further details regarding this will be announced in Blackboard closer to the time.

Assessment Information for Mentor Teachers

Three separate forms are combined to comprehensively evaluate the pre-service teacher:

Part 1: Internship Progress Report - The mentor teacher is asked to discuss this report with the pre-service teacher in their class and indicate **Continues** or **At Risk**, with substantiating comments if appropriate. Please provide this feedback to the pre-service teacher **by Week 3**. The form should be discussed with the supervisor and pre-service teacher. The pre-service teacher should be provided with his/her own copy of this report.

The Internship Progress Report will require the mentor teacher to assess and rate each of the Australian Professional Standards for Teachers at the Graduate career stage. Each standard and its focus area, will be rated as Not Demonstrated (**ND**); Demonstrated (**D**); or Exceeds Expectations (**E**). Comments on each standard, and overall recommendations and commendations are required. Comments are required against the Professional Experience Code of Conduct. The final rating of Intern continues the placement or At Risk is applied is then awarded.

The Assessment Guidelines in this handbook detail the standards and their focus areas.

Part 2: Internship Final Assessment Report - The mentor teacher and the supervisor each complete a copy of the report. The report should be discussed with pre-service teacher.

The Internship Final Assessment Report requires the mentor teacher to assess and rate each of the Australian Professional Standards for Teachers at the Graduate career stage. Each standard will be rated as Not Demonstrated (**ND**); Demonstrated (**D**); or Exceeds Expectations (**E**). Comments on each standard and an overall final comment are required.

The pre-service teacher is required to electronically sign the Internship Progress Report and Internship Final Assessment Report through SONIA.

Part 3: Pre-service Teacher Assessment Slip (Final Grade) - The mentor teacher and the supervisor each award a mark out of 10. The final grade is an average of the two marks and is only confirmed at a special Board of Examiners' meeting at the university. Note: It is acceptable to award a 10/10 to a pre-service teacher exhibiting outstanding teaching skills as a final year student.

Please do not disclose individual marks to the pre-service teacher.

Please note that both the Professional Experience placement and the AfGT must be passed in order to pass the fourth Professional Experience unit.

Assessment Information for Curtin Supervisors

Three separate forms are combined to comprehensively evaluate the Intern:

Part 1: Comments and Suggestions Form is designed to record your observations about the Pre-service teacher's achievements and development during your early visits. Please provide the pre-service teacher with a copy. The comments and suggestions must include feedback on the Intern's progress against the Australian Professional Standards for Teachers at the Graduate career stage and the Professional Experience Code of Conduct.

The Assessment Guidelines in this handbook detail the standards and their focus areas.

Part 2: Internship Final Assessment Report - The mentor teacher and the supervisor each complete a copy of the report. The report should be discussed with pre-service teacher.

The Internship Final Assessment Report requires the mentor teacher to assess and rate each of the Australian Professional Standards for Teachers at the Graduate career stage. Each standard will be rated as Not Demonstrated (**ND**); Demonstrated (**D**); or Exceeds Expectations (**E**). Comments on each standard and an overall final comment are required.

The pre-service teacher is required to electronically sign the Internship Final Assessment Report through SONIA.

Part 3: Pre-service Teacher Assessment Slip (Final Grade) - The mentor teacher and the supervisor each award a mark out of 10. The final grade is an average of the two marks and is only confirmed at a special Board of Examiners' meeting at the university. **Therefore please do not disclose individual marks to the pre-service teacher.**

Note: It is acceptable to award a 10/10 to a pre-service teacher exhibiting outstanding teaching skills as a final year student.

Although you will have been communicating with the mentor teacher about the Intern's progress, it is expected that your final assessment is somewhat independent, so another viewpoint is used for the final assessment of the internship.

Please note that both the Professional Experience placement and the AfGT must be passed in order to pass the fourth Professional Experience unit.

Students 'At Risk'

Most pre-service teachers continue to develop and progress satisfactorily during the course of their placement. Occasionally a mentor teacher may have concerns about a student's progression.

At Risk is the term used to signify that the pre-service teacher is failing to make satisfactory progress towards meeting the competencies and/or the required professional behaviour and skills consistent with their stage of professional learning.

If you have a pre-service teacher whom you consider is At Risk of failing, then please be guided by the following steps:

- Please contact the Professional Experience Office 9266 2166 for guidance upon initiating the At Risk procedure. The contact details are at the front of this handbook.
- Ideally the At Risk procedures should be commenced as soon as issues are identified during a placement.
- At Risk is an opportunity for the pre-service teacher, mentor teacher and supervisor to discuss progress, address areas identified for improvement and to identify if the placement is to be completed successfully. Please use the At Risk form to guide this process.
- The completed At Risk form should be signed by the pre-service teacher, mentor and supervisor. Everyone should keep a copy of this form, and a completed copy should be forwarded to the Professional Experience Team.
- At the end of the 5 days, the pre-service teacher, mentor and supervisor should meet and discuss the aspects set out on this form. If the pre-service teacher has managed to address these successfully, then they should be awarded a pass. If they have failed to address them, then a fail should be awarded.
- Being placed on an At Risk status does not automatically imply a student will fail the subject. It is a process to help the pre-service teacher, mentor and supervisor identify aspects that need improving and provide the pre-service teacher with an opportunity to improve their practices in order to pass their placement.

Or

Under the Curtin Fieldwork Education Policy and Procedures, if a student's placement is terminated by the School or terminates themselves from their placement, they may be deemed as failing the unit. Results will be managed in accordance with the ASPM.

Please note in some circumstances, a student may receive a fail result for the Professional Experience placement without an At Risk process being evoked and/or undertaken.
