GUIDELINE FOR PLANNING YOUR PROFESSIONAL EXPERIENCE

All students are required to complete compulsory professional experience placements in schools as part of designated units in the second, third and fourth year of the course. Placements are undertaken on a full-time basis for the number of days shown and students need to plan carefully to ensure they are able to meet this commitment. The total number of days of professional experience in the course will satisfy all states' requirements for teacher registration.

For placement information students should visit this website http://educationoua.curtin.edu.au/

Yes
➢ **Start early.** Once you have decided when you will be completing your Professional Experience, obtain your *Working with Children* and any other relevant check required by your State (see page 8).

Start approaching schools and let them know the duration of the Professional Experience. We suggest you start approaching school approximately, two to three study periods prior to your Professional Experience unit.

Begin arranging your placement by establishing the availability of an appropriate education setting. Expand your search radius, as pre-services teachers are expected to travel up to an hour to their placement.

➢ **Introductory Letter to School. Make an appointment** with the Principal or Prac Co-ordinator. Take a copy of the relevant sections of the Handbook, particularly, those relating to the percentage of teaching you are recommended to complete.

➢ **Dress appropriately and professionally.** Wear your name badge whenever attending a school.

➢ **Speak appropriately.** Always speak properly, without using slang or inappropriate language. This also applies to the message on your mobile phone or landline.

➢ **Have some information about the school.** This allows you to ask appropriate questions about the school, particularly if it has special programmes etc.

➢ **Highlight the units you are studying and how they relate to the Professional Experience.** For example, if you have any special interests or strengths that you have demonstrated through your course so far, highlight those and how they might match the school’s needs.

➢ **Ensure variety.** When you are approaching schools for subsequent Professional Experience placements, ensure that you are clear with your requests. Through The Australian Institute for Teaching and School Leadership (AITSL), Australian Professional Standards require Universities to ensure they provide students with experience working with children of all age groups. For example if you are a Primary pre-service teacher and you have completed a Professional Experience in the lower years e.g. Year 1 for your first Professional Experience, then request middle or upper Primary to ensure you are getting a variety of experience across year levels. This also applies to a variety of schools i.e. seeking a rural/regional placement if you are in a metropolitan area and vice versa.

➢ **Be gracious.** If a school cannot accommodate you, for one reason or another, thank them for their time. If appropriate, leave your details with the school.

➢ **Persevere.** Although it can be disappointing and frustrating when your first approaches are unsuccessful, persevere with the processes described here and you can expect that you will find a suitable school.
➢ **Be flexible.** Your chances of finding a placement will be greatly enhanced if you consider schools from as wide a range as possible, both geographically and in terms of school type.

➢ **Seek help in sufficient time.** Our staff here in the School of Education can help you and are happy to do so, if you are becoming anxious about finding a suitable position in time. However, you are expected to have followed the processes described here, and our capacity to help will be greater if you have left sufficient time for a solution to be found.

➢ **Mentor Teacher & Supervisor Forms** - please have the school or centre complete the appropriate forms, and email a copy to hum-ed-ouaprac@curtin.edu.au. It is vital that the Mentor & Supervisor nomination forms are received as this information is required for documentation to be sent to the school before your placement commences. Your mentor and supervisor must be two different people as this ensures fair and equitable assessment and allows for two perspectives on your teaching. Neither a Mentor Teacher nor a Supervisor can take on a role in your assessment more than once across the School Experiences that you will complete.

**Mentor Teachers:**

**Early Childhood Setting** - Mentor Teachers are expected to have an ACECQA approved degree. If the Mentor Teacher is not degree qualified, a person within the setting must have an ACECQA approved degree.

**Primary and Secondary School Settings** - Mentor Teachers are expected to have a minimum of 3 years teaching experience and must be registered with the appropriate state or federal teacher registration body or College of Teaching.

**Placements outside of Australia** - Please contact the Professional Experience Office – hum-ed-ouaprac@curtin.edu.au

➢ Please return the following documents which are compulsory:

**Working with Children Check (WWC) and Police Checks (if applicable to your State)** – this can take up to 6 weeks to obtain, please Email a copy to: hum-ed-ouaprac@curtin.edu.au

**Code of Conduct** hum-ed-ouaprac@curtin.edu.au

By submitting this application for professional experience placement with the Northern Territory Department of Education, the pre-service teacher understands that all costs associated with their placement are their personal responsibility.

Certain universities offer financial assistance to pre-service teachers wishing to complete their placement interstate, the applicant should discuss this matter directly with their university.
Guidelines for Selection of Mentor Teachers and Supervisors

- Mentor Teachers and Supervisors must not be related to the pre-service teacher and must not have previously acted in this capacity for the pre-service teacher.

- Mentor Teachers must be a fully qualified classroom teacher and have had at least three years full-time teaching experience. They must be registered with the appropriate state or federal teacher registration body of college of teaching.

- Supervisors must also hold an appropriate teaching qualification recognised by Curtin University and can be one of the following:
  - Principal, Acting Principal, Assistant Principal, Deputy Principal, or Senior Teacher (or equivalent) employed at the school where the Professional Experience is to be completed.
  - A recently-retired person of an equivalent status/rank to the above.

Why a Mentor and Supervisor?

- Two different people are responsible for assessing and reporting on every student’s placement. This is because the school-based Curtin Supervisor essentially takes the role that a University representative would usually take. In our online program we do not provide university representatives to take this role, as our students are so numerous and located across such a wide range of locations, that it would be impossible.

All universities require students to be assessed by two people – this is a standard expectation that ensures fairness and equity to all students.

School Permission Guidelines

- Students are not permitted to teach in schools where family members are employed or attending as students.
- Students cannot return to the same school for subsequent placements.

Any students who consider that there are extenuating circumstances that make it impossible to meet these guidelines, must seek specific and official approval from the Unit Co-ordinator. Such requests will only be considered if they are supported by documentation and are received in sufficient time for our staff to explore alternative solutions – this will usually be a minimum of one month before the start of the placement.

General Requirements, Pre-requisites and documentation needed to organise your School Experience

Professional Experience is an integral part of Curtin University education degrees. Each professional experience must be undertaken in a different school, in order to be exposed to as wide a variety of learning environments as possible. Pre-service teachers may teach in Government, Catholic or Independent schools. Pre-service teachers are not permitted to teach in schools where family members are on staff or attending as students. Overseas students studying with Open Universities Australia may complete 25% of their school experience in an International School where English is the language of instruction.

Before pre-service teachers can undertake a Professional Experience placement in an accredited early learning centre or school, there are three processes that must be completed as follows:

1. Pre-service educators must have appropriate documentation, relevant to individual states:
